

Project Update - Week of 29-March-2021 to 03-April-2021

Site Activity

1. On-going bulk excavation, shaving of shoring caisson walls, & associated daily exporting
2. Removal of site access ramp leading into excavation as required for tieback works
3. Preparation of recently constructed West public drive-aisle for opening

What Can Neighbor's Expect?

1. Per the Government of Ontario Provincial Regulation in effect until 07-October-2021, noise by-laws in connection to construction activity currently permits said activity seven days a week from 6:00am to 10:00pm (including statutory holidays). Planned site activity/work hours for week of 29-March-2021 are as follows:
7:00am to 5:00pm Monday to Friday, & 7:00am to 3:00pm Saturday
2. Newly constructed West mall drive aisle will be opened for public vehicular access commencing 01-April-2021. Private lane to be shared with Block 05 construction activities, & at times may be closed periodically to accommodate construction equipment/operations. Neighbors may detect odour from final asphalt works on 30-March-2021, ahead of sites preparation of public drive aisle opening
3. Typical construction noise & dust may be observed around construction grounds due to vehicular movement in and out of site everyday (hauling bulk excavation, deliveries). Efforts are being made to mitigate & periodically clean the site to minimize the migration of said dust
4. Noise emission from excavation area due to shaving of caisson foundation wall by excavators, as well as drilling of shoring tiebacks
